"We can't deliver good service without excellent partnerships. Thanks to our skilled and hardworking colleagues for the last 4 years of operations. Best wishes for a prosperous and healthy New Year!" Owner Ben Doornekamp

Travel along Hwy H2O has brought a variety of visitors and vessels from around the world to the the former Bethlehem Steel ore docks. Since the Doornekamp family purchased the site 4 yrs ago, we've welcomed Dutch Tall Ships, vessels carrying clinker from Turkey and Great Lakes ships moving salt from the Goderich ON salt mines. All

have been welcomed, supplied, offloaded and reloaded. All accomplished their work due to the expertise of our partners.

Thank you :

Shipping Resources for Winter 2018-19

Although the St. Lawrence Seaway closes for winter maintenance December 31, Picton Terminals is able to continue shipping surplus limestone to Toronto Harbour. We rely on the expertise of McKeil Marine, our ice-breaking tugboat crew aboard the Sheri Lynn S and important resources like the [Environment Canada ice data](#).
